Reporting criteria

The Selected Information has been prepared in accordance with internal definitions set for DS Smith's Environmental Indicators.

Limitations and Exclusions

Excluded from the scope of our work is any verification of information relating to:

- Activities outside the defined reporting period;
- Positional statements (expressions of opinion, belief, aim or future intention by DS Smith) and statements of future commitment;
- Appropriateness of the reporting criteria; and
- Other information included in the Report other than the scope defined above.

This limited assurance engagement relies on a risk based selected sample of environmental data and the associated limitations that this entails. The reliability of the reported data is dependent on the accuracy of metering and other production measurement arrangements employed at site level, not addressed as part of this assurance. This independent statement should not be relied upon to detect all errors, omissions or misstatements that may exist.

Responsibilities

This preparation and presentation of the Selected Information in the Report are the sole responsibility of the management of DS Smith.

Bureau Veritas was not involved in the drafting of the Report or of the Reporting Criteria. Our responsibilities were to:

- Obtain limited assurance about whether the Selected Information has been prepared in accordance with the Reporting Criteria;
- Form an independent conclusion based on the assurance procedures performed and evidence obtained; and
- Reporting our conclusions to the Directors of DS Smith.

Assessment Standard

We performed our work to a limited level of assurance in accordance with International Standard on Assurance Engagements (ISAE) 3000 Revised, Assurance Engagements Other than Audits or Reviews of Historical Financial Information, issued by the International Auditing and Assurance Standards Board.

On the basis of our methodology and the activities described above for the agreed scope, nothing has come to our attention to indicate that the Selected Information as stated below, and in the Report, are not fairly stated in the in all material respects.
